F A R E W E L L C O F F E E	

*Time for conversation with  
Colleagues, Speakers and Suppliers*

END approx. 4 pm

# We invite to the 20th Internationale Flock Symposium

at the Steigenberger Hotel Berlin

For several decades, the Symposium has been an important communication and information platform for the flock industry. It is a large international assembly of specialists held every two years. At the 2009 Symposium our intention will be to inform you of the latest developments and trends in the industry.

The speakers are professionals within, or with links to, the flock industry, i.e., machine producers, research institutes as well as universities. Key topics this year will include: new flock applications, Flock-Fibres and modern technologies.

Berlin is well worth a visit!

We look forward to meeting you at the 20th Int. Flock Symposium

Association of Flock Industry Europe (reg.)

The organizers reserve the right to make changes to the schedule and on the presentations.

## 20th Int. Flock Symposium 30 - 31 March 2009

### Organisational Details
